DUCHY TIMBER

Duchy Timber was established at Lostwithiel in 1958 as part of the Duchy of Cornwall Estate. Now under private ownership, it has developed into a state of the art site, with timber drying kilns, a pressure treatment plant and extensive machining facilities. Duchy Timber supplies beautifully crafted timber products direct to independent timber suppliers across the South West and Southern United Kingdom.

INTRODUCTION 3

HERITAGE

The Duchy is well known for both its exacting standards of production and its high level of commitment to the environment. We have built on this heritage with industry-leading technology. Our drying kilns are fuelled by wood chip waste and our computer controlled treatment processes ensure our products are built to last.

THE LATEST TECHNOLOGY

We use the latest computer controlled technology at every stage to deliver the highest quality products. Our kilns are extremely efficient and are fired using waste product from our operations. Our computer controlled treatment plant calculates the precise amount of treatment, time and pressure required to ensure that the treated timber we produce is optimally treated.

TIMBER FROM RESPONSIBLY MANAGED FORESTS

We are Forest Stewardship Council® (FSC®) Chain of Custody certified to supply products sourced from responsibly managed forests. We are also Programme for the Endorsement of Forest Certification schemes (PEFC) Chain of Custody certified to supply products sourced from sustainably managed forest.

QUALITY THROUGHOUT

Our products are checked at every stage of manufacture. Each piece of timber is checked before stacking, each piece is kiln dried to ensure maximum absorption of treatment and each piece is checked before use. This process allows us to treat to USE CLASS 4, giving a 15-year service life. Our expert carpenters are on site to tailor many of our products to your exact requirements.

LOW LOG MILES

As well as being generally sourced from local responsibly and sustainably managed woodland, our timber is kiln-dried, pressure treated, machined and manufactured on one site. That keeps our log miles to a minimum. Our computer controlled timber drying kilns are also fired using waste from our site.

BUILT TO LAST

Our furniture and fencing has up to three times as much wood as our competitors. Most fence panels on the market weigh 10kg for example. Ours come in at 36kg. Our standard garden bench uses solid 50mm Douglas fir, compared with the usual 36mm or less on the market. All this extra wood gives you a stronger and more robust product that will stand up to the ravages of weather and time.

WOODEN FENCING

All our fencing products are built to last and manufactured to the highest environmental and quality standards. Quality is key, for example our featheredge is manufactured to a greater thickness than our competitors, resulting in a stronger more durable fence.

Each piece of wood is kiln dried before treatment to ensure maximum penetration when pressure treating with the preservative.

For total protection all our ground contact posts are treated to USE CLASS 4.

POST SPECIFICATIONS

75mm x 75mm - 1.5m, 1.8m, 2.1m, 2.4m, 3.0m, 3.6m lengths
100mm x 100mm - 1.8m, 2.1m, 2.4m, 3.0m, 3.6m, 4.8m lengths
125mm x 75mm - 1.8m, 2.1m lengths
4 WAY WEATHERED TOPS
125mm x 125mm
150mm x 150mm

TIMBER FENCE PANELS

Our fencing panels are made with three times as much wood as our competitors. All this extra wood gives you a stronger and more robust product that will stand up to the ravages of weather and time. Each piece of wood is kiln dried before treatment to ensure maximum penetration when pressure treating with high performance preservative.

FENCING

7

DUCHY HEAVY DUTY OVERLAP PANELS TANALISED

Solid, robust and fully treated, our heavy duty overlap panels provide privacy and security and are made from timber.

6'0" x 3'0" / 1.83m x 0.91m
6'0" x 4'0" / 1.83m x 1.22m
6'0" x 5'0" / 1.83m x 1.52m
6'0" x 6'0" / 1.83m x 1.83m

DUCHY HEAVY DUTY TANALISED TRELLIS SQUARE

Strong enough to be mounted between posts as a fence enclosing an area without losing the view. The square trellis has 6 inch gaps. The battens themselves are 38mm x 18mm.

6'0" x 1'0" / 1.83m x 0.30m
6'0" x 2'0" / 1.83m x 0.61m
6'0" x 3'0" / 1.83m x 0.92m
6'0" x 4'0" / 1.83m x 1.22m
6'0" x 5'0" / 1.83m x 1.52m
6'0" x 6'0" / 1.83m x 1.83m

DUCHY HEAVY DUTY FEATHER EDGE PANELS

Our treated feather edge panels are both strong and robust, offering an attractive fencing option which has been a classic favourite for many years.

0.9m(h) x 1.83m(w)
1.2m(h) x 1.83m(w)
1.5m(h) x 1.83m(w)
1.8m(h) x 1.83m(w)

DUCHY CONTEMPORARY SCREEN PANELS

Our beautiful new range of contemporary screen panels are available in various species to suit your budget. Manufactured entirely from planned timber these panels look modern and stylish in almost any application. Available in Canadian Western Red Cedar, Siberian Larch or Scandinavian Redwood.

0.9m(h) x 1.8m(w)
1.2m(h) x 1.8m(w)
1.5m(h) x 1.8m(w)
1.8m(h) x 1.8m(w)

WOODEN GATES

Duchy Timber's softwood gates are available in a range of designs for driveway, pedestrian and field. Each one is made at our Lostwithiel site in Cornwall from kiln-dried softwood generally sourced from certified responsibly managed local forests. Each gate component is pressure treated using timber preservative guaranteeing many years of useful life.

Extra wood in your new Duchy Timber gate gives you a stronger and more robust product that is built to last. Each product is checked at every stage of its manufacture to ensure that it will last for many years to come.

Our expert carpenters can adapt any of the items to your exact needs. Get in touch if you would like to customise the design or size of any gate.

DUCHY CARADON GATE CURVED TOP

The Caradon wooden gate has a closed panel design with complete tongue and groove infill with frame, ledge and brace, curved top and matching stiles. The Caradon Gate is available as a short (0.9m/3ft) and tall (1.8m/6ft) variant. Both variants have a smooth planed finish.

0.9m(w) x 0.9m(h)

0.9m(w) x 1.8m(h)

DUCHY COUNTRY GATE

Duchy Timber's wooden country gate is a featheredge gate with ledges and braces on the reverse, whilst a weather cap sets it apart from its competitors. Ideal to complement featheredge fencing, or as a stand-alone pedestrian gate, it can be adapted by Duchy Timber's skilled carpenters to be almost any size to match your fencing height.

0.9m(w) x 1.8m(h)

0.9m(w) x 0.9m(h)

DUCHY RESTORMEL GATE

The Restormel wooden gate has an open top half panel palisade design with tongue and groove infill below, frame and ledge, curved top and matching stiles. The pedestrian Restormel Gate is available as a short variant as standard and has a planed finish.

0.9m(w) x 0.9m(h)

0.9m(w) x 1.8m(h)

DUCHY MANOR GATE

The Duchy Manor Gate is a closed panel design using tongue and groove infill with frame, ledge and brace with matching stiles.

0.9m(h) x 0.9m(w)

0.9m(w) x 1.8m(h)

**DUCHY ORCHARD GATE
CURVED TOP**

The Orchard wooden gate is a palisade design with ledge, brace and curved top. The Orchard Gate is available as a short (0.9m/3ft) and tall (1.8m/6ft) variant. Both variants have a smooth planed finish.

- 0.9m(w) x 0.9m(h)
- 0.9m(w) x 1.8m(h)

**DUCHY BLACKBERRY
GATE**

This round top planed pale gate is in a palisade design with ledge, brace with round top planks.

- 0.9m(h) x 0.9m(w)
- 0.9m(h) x 1.8m(w)

**DUCHY LERRYN GATE
CURVED TOP**

The Lerryn wooden gate is a closed tongue and groove panel design. This gate has ledges, braces and matches the outline of the tall (1.8m/6ft) Orchard Gate.

- 0.9m(w) x 1.8m(h)
- 0.9m(w) x 0.9m(h)

**DUCHY LEDGE & BRACE
FEATHEREDGE GATE**

The Duchy Ledge & Brace Gate is a simple featheredge design. It can be used by itself or with Duchy featheredged fencing.

- 0.9m(w) x 1.8m(h)

DUCHY HUNTING GATE

Ideal for a public right of way or in combination with a larger Diamond Brace Gate, the Duchy Timber Hunting Gate is solidly built, from wood, and finished by hand by experienced carpenters. Universal handed gate.

915mm (3ft)
1220mm (4ft)
1525mm (5ft)
1830mm (6ft)

DIAMOND BRACE GATE

Duchy Timber’s high quality sawn field gate has the traditional diamond brace configuration ensuring strength and resistance to movement in the frame. This wooden gate could also be used as a more rustic alternative to the planed Somerset Gate. The Duchy Timber Diamond Brace Gate is solidly built and finished by hand by experienced carpenters. Universal handed gate.

2130mm (7ft)
2440mm (8ft)
2740mm (9ft)
3050mm (10ft)
3350mm (11ft)
3660mm (12ft)

ESCOT GATE

Made from kiln dried Scandinavian Redwood this gate has a classic design without the chamfering and detail of our Somerset range. This gate has a robust build to be used on a field entrance and has an equally attractive finish to hung on a driveway.

915mm (3ft)
1220mm (4ft)
1525mm (5ft)
1830mm (6ft)
2130mm (7ft)
2440mm (8ft)
2740mm (9ft)
3050mm (10ft)
3350mm (11ft)
3660mm (12ft)

DUCHY SOMERSET GATE

The planed Duchy Timber Somerset Gate is a very attractive driveway entrance. It is finished with chamfered detailing on the posts and top rail and can be produced for right or left hand opening.

915mm (3ft)
1220mm (4ft)
1525mm (5ft)
1830mm (6ft)
2130mm (7ft)
2440mm (8ft)
2740mm (9ft)
3050mm (10ft)
3350mm (11ft)
3660mm (12ft)

DUCHY ESTATE GATE

Manufactured to the highest standards, the planed Duchy Timber Estate Gate can be produced for right or left hand opening. A classic design with its distinguishing hockey stick hanging post and tapered top rail, it is made by our expert carpenters in our in-house workshop.

915mm (3ft)
1220mm (4ft)
1525mm (5ft)
1830mm (6ft)
2130mm (7ft)
2440mm (8ft)
2740mm (9ft)
3050mm (10ft)
3350mm (11ft)
3660mm (12ft)

DUCHY DRIVEWAY GATES

Our experienced joiners also manufacture a range of beautifully crafted driveway and entrance gates. We can also custom build gates to your specific designs and sizes.

WOODEN GARDEN FURNITURE

Each item of the Duchy Timber's wooden garden furniture range is made on site by our expert carpenters from, kiln-dried softwood generally harvested from responsibly managed forests within Cornwall, Devon or Somerset. Each component is pressure treated using timber preservative (that meets the Use Class 4 standard), giving a long service life. Duchy Timber's furniture has up to three times as much wood than some of the big-name competitors' products. This extra wood gives you a stronger and more robust piece of furniture that is built to last.

FURNITURE

15

DUCHY FOWEY RECLINED BENCH

Our heavy duty reclined wooden garden bench is made from timber and made in our Lostwithiel workshop. Ideal for home or commercial use and it's great value too.

FOWEY RECLINED BENCH
1.5m

DUCHY CARDINHAM GARDEN DINING TABLE & CHAIRS

The Cardinham table and chairs are made from locally grown timber. The components are sawn, kiln-dried and made by our expert carpenters, in house.

The Cardinham table is available in two sizes either 1.1m square or 1.8m x 0.76m and then choose your perfect seating combination. There are two wooden chair options with and without arms, plus a matching wooden garden seat.

CARDINHAM GARDEN DINING TABLE

DUCHY COMPANION SEAT

The Duchy companion seats are great stand-alone pieces of wooden furniture that suit any garden, large or small. They are designed for sharing and are available as straight or corner variants. They also complement the Duchy Cardinham range of wooden garden furniture.

COMPANION SEAT

Straight or Corner

DUCHY JUMBO PICNIC TABLE

Large 150mm x 75mm timbers grown in the West Country make this one of the most robust wooden picnic tables on the market.

Kiln-dried and, with mortise joints throughout, the jumbo wooden picnic table is the toughest piece of furniture Duchy Timber make and is ideal for schools, pubs and parks as well as your home. The range seats six to ten comfortably and is available as 1.8, 2.4 & 3.0m variants.

JUMBO PICNIC TABLE

1.8m, 2.4m or 3.0m

DUCHY TIMBER CLASSIC PICNIC TABLE

Our best-selling Classic Picnic Table is practical, strong and represents excellent value for money. This low cost option is hand-crafted at the Duchy Timber sawmill in Cornwall. It has a smooth finish with rounded ends. Available in two lengths, the 1.8m model can seat six adults comfortably, whilst the 1.2m model can seat four adults with ease.

Both the 1.2m & 1.8m Classic Picnic Tables can be specified with a table top that over-hangs at one or both ends, giving one or two places where wheelchair users can sit and eat. The 1.8m table can be specified with a seat at either end allowing it to seat eight.

TIMBER CLASSIC PICNIC TABLE

1.2m

1.8m

1.8m with one extended end to 2.1m

1.8m with two extended ends to 2.4m

1.2m with one extended end to 1.5m

1.2m with two extended ends to 1.8m

1.8m with end seats

WOODEN GARDEN PRODUCTS

Add features to your garden with our wooden garden planters. Like our garden furniture these are made from kiln-dried softwood, generally harvested from responsibly managed forests within Cornwall, Devon or Somerset, and are pressure treated using timber preservative ensuring they'll last many years.

GARDEN DECKING

Duchy Timber supply specialist decking products for home and commercial use sourced from our selected partners.

Whatever the size or shape of your outdoor space, a wooden deck can only help enhance it. Properly treated and maintained your decking will last for many years.

Available in a variety of sizes and profiles in softwood and hardwood such as:

German Redwood
Walk Sure Anti Slip
Grip Sure Anti Slip
Yellow Balau
Massaranaduba
Ipe
Cumaru
Iroko

We hold a comprehensive range of ancillary products such as balustrades, spindles, newel posts, handrails, panels in glass or timber, finials, lighting to add the finishing touches to your deck.

Call us today on 01208 872338 to discuss your needs or visit our Lostwithiel, Cornwall branch to see our extensive range.

TREATED TIMBER

We stock an extensive range of timber carcassing from our homegrown sawmill and premium structurally graded timber imported from Sweden.

Available in a variety of sizes and profiles such as:

ROOFING BATTEN

38mm x 19mm
50mm x 25mm

SAWN TREATED

50mm x 38mm
50mm x 47mm
150mm x 47mm
150mm x 150mm
200mm x 47mm
200mm x 75mm
200mm x 200mm
225mm x 75mm

CLADDING

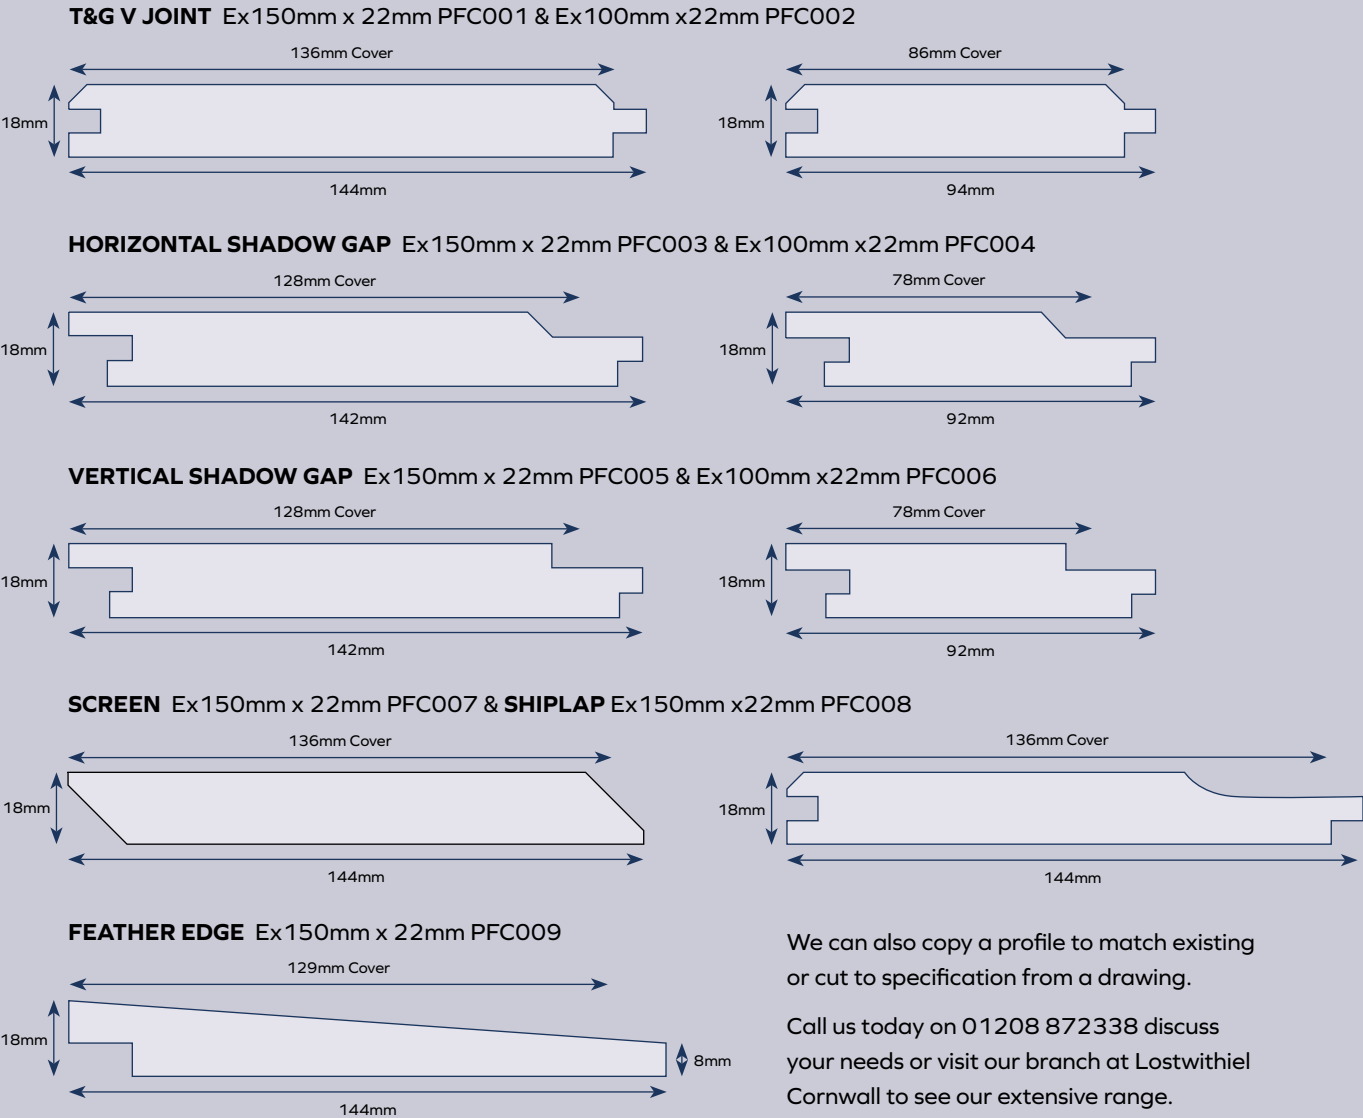

Our home grown cladding is made from FSC® certified kiln dried West Country Larch, Douglas Fir and Cedar.

We also offer all our cladding profiles in a range of imported species including Canadian Western Red Cedar, Siberian Larch, Lignia and Thermowood.

Available in a variety of sizes and profiles such as:

SHIPLAP	
Ex 16mm x 125mm	
Ex 19mm x 125mm	
Ex 19mm x 150mm	
FEATHER EDGE	
Ex 22mm x 150mm	
Ex 32mm x 200mm	
Ex 38mm x 200mm	
SHADOW GAP	
Ex 22mm x 150mm

25mm x 200mm	
and many, many more.....	

We can also copy a profile to match existing or cut to specification from a drawing.

Call us today on 01208 872338 discuss your needs or visit our branch at Lostwithiel Cornwall to see our extensive range.

TIMBER & SHEET MATERIALS

As suppliers of sheet, sawn and machined timber, we in turn use great care when sourcing our stock. We select suppliers on their timber quality, delivery capabilities, environmental policies, and professional competence. This ensures that our timber is responsibly managed from its origins in the forest until it is delivered to you on site or at home.

We offer a complete range of construction timbers all quality approved:

Kiln-dried timber
Strength graded timber for load bearing applications, and to meet individual requirements
Sustainable joist timbers and roof packs long lengths and bulk sizes
Timber cut to order, on site
Huge range of sizes and lengths in stock
Hard and softwood long lengths, 9m plus and bulk sections sawn to your requirements
Treated timber for use in exposed applications, stocked in standard sizes, bulk and odd sizes can be treated to order
Full range of treated fencing
Decorative timbers
Battens & treated sawn timbers

We supply to many prestigious companies across the West Country all who value our low wood miles and premium quality products.

We are able to supply a comprehensive range of sheet materials including:

PLYWOOD

Softwood
Hardwood
OSB
Marine Plywood
Construction Plywood
Veneered / Coated Plywood
Structural Plywood

Our plywood products are characterised by their exceptional strength, warp-resistance and moisture-resistance and are available in a wide range of sizes and thicknesses.

MDF

Ultra light
Moisture Resistant
Fire Resistant
Exterior
Laminated & Coloured Density Fibreboard

CHIPBOARDS

Quality Flooring Grade
From Domestic to Commercial Mezzanine
Quality flooring grade chipboards are tongued and grooved in 18mm and 22mm thicknesses in all standard and moisture resistant types

PFB

Our Protective Flooring Board (PFB) has an enhanced phenolic surface applied on both sides to increase stability and flatness, speeding up the building process and providing a safe working platform. It is designed and manufactured so that it can be left exposed to the elements during the building process.

TIMBER

25

OSB

Our Orientated Strand Board has high mechanical properties which make it particularly suitable for load-bearing applications in construction and can be used for sheathing in walls, flooring, and roof decking.

OTHER SPECIALIST SHEETS

Acoustic Flooring
Hardboards
Pinboards
Cement Board
Superva Leisure Plywood

We also stock a range of industrial sheet products. For more information on any of our sheet materials call us on 01208 872338 or visit us at Lostwithiel, Cornwall to see our extensive range.

ENVIRONMENTAL POLICY

27

LOCAL SOURCING

We are committed to supplying timber products grown and made in the South-West, to reduce our carbon footprint and support local employment.

LEGALITY

We are committed to purchasing timber and timber products from legal sources, in full compliance with Timber Regulations. We operate a robust 'due diligence' system, auditing every stage of our supply chain, and seeking further third party verification where necessary.

TIMBER CERTIFICATION

We actively support international efforts to improve forest management, such as the development of credible chain of custody certification schemes. We recognise that the independent certification of forests and the subsequent supply chain is the most useful tool for providing assurances to consumers that timber comes from legal and well-managed forests. To that end, we ourselves are certificated under the following chain of custody schemes:

We are Forest Stewardship Council® (FSC®) Chain of Custody certified under certificate INT-COC-002108

We are also Program for the Endorsement of Forest Certification Schemes (PEFC) Chain of Custody certified under certificate INT-PEFC/COC-002108.

FSC® certified products available upon request.

CUSTOMERS

We aim to help our customers meet their own environmental commitments by providing a range of products and services that meet the of highest environmental standards.

OUR ENVIRONMENTAL IMPACT

We make efficient use of energy and recycle a significant amount of our operational waste to help minimise the environmental impact of our site activities.

TRAINING

All members of staff have a role to play in helping us to protect the environment and to achieve the aims of our environmental policies. We invest in training to ensure our staff are highly capable in this respect.
